A BRIGHT ACADEMIC FUTURE

Our academic programs continue to grow, keeping up with market demands and trends in higher education. We are committed to offering our students in-demand programs that represent Cedarville's mission to provide an excellent education grounded in biblical truth.

Center for Pharmacy Innovation

The School of Pharmacy launched a new Center for Pharmacy Innovation to foster innovation and entrepreneurship to advance patient care and transform the pharmacy profession.

Cybersecurity Program Recognized by NSA

In June, the National Security Agency (NSA) named Cedarville University a National Center of Academic Excellence (CAE) in Cyber Operations. We are just one of 20 schools in the nation to receive this designation.

Cedarville Recognized Among Top Ohio Colleges

College Consensus ranked Cedarville No. 3 out of 131 colleges and universities in Ohio, and the top-ranked Christian school. The ranking was based on quality academic programs, job placement and graduation rate, and overall student experience.

Expanding Our Graduate Programs

Our newly named Graduate School at Cedarville University added new programs and expanded services in 2018, offering our students even more options to expand their careers while making a Gospel impact.

The following advances were made in 2018:

M.B.A.

Added tracks in Business Analytics, Cybersecurity, and Innovation and Entrepreneurship.

M.S.N.

Increased capacity for the FNP track of our M.S.N. Now developing two new areas of focus for 2019.

M.DIV.

Three accelerated pathways with eight tracks now available: 79-hour M.Div., 61-hour Advanced M.Div., and five-year B.A.+M.Div.

M.MIN.

Now offering a \$1,000 Ministry Scholarship to all new students.

M.A.T.

Board of Trustees approved adding a Master of Athletic Training program, pending external approvals.

Civil Engineering Surpasses Expectations

We recruited our inaugural civil engineering class, more than doubling our expected numbers. We hoped for at least 10 new students to start, but we now have 30 enrolled in this program that will equip our students to make a difference for Christ through improving infrastructure.

A COMMITMENT TO THE GOSPEL

The Heartbeat of Cedarville

Daily chapel continues to be the heartbeat of campus. During his weekly chapel series, Dr. White walked the University family through the book of Proverbs, examining how we should walk in the way of wisdom.

Spiritual Transformation

Even though we require prospective students to write out a testimony of faith as part of the admission application, we realize some come to Cedarville without a true relationship with Jesus Christ. Like every year, we began the 2017–18 academic year with Fall Bible Conference, where we saw many students make decisions for salvation and even more recommit their life to Christ.

#CUGO Continues Our Gospel Focus

At Cedarville University, we want every student on the mission field before graduation, taking the Gospel of Jesus Christ to the ends of the earth. Our Global Outreach department is making that happen. We're sending out students to touch a needy world with the message of hope found in Jesus.

A BOLD VISION FOR THE FUTURE

Campus Master Plan

We are ready to embark on a bold vision for the future because of the strong foundation and solid footing the Lord has blessed us with. In May, the Cedarville University Board of Trustees approved a 10-year Master Plan, the largest, most comprehensive array of building projects in the University's history. This plan will allow us to continue equipping future generations of Christian young people to make a Kingdom impact as engineers, educators, nurses, business professionals, missionaries, and in hundreds of other vocational pursuits fields. This bold vision will build upon and advance strengthening Cedarville's long history of academic excellence, vibrant community, and a Gospel focus.

Proposed projects in the master plan include:

- Liberal arts building
- Civil engineering building
- Admissions, business, and conference center building
- Residence halls
- Addition of a new dining space adjoining Centennial Library, including a Chick-fil-A
- Athletic Center expansion, including weight room, locker rooms, and academic space for new graduate programs
